

M5 Junction 25 Improvements Scheme Project Newsletter: September 2019

Scheme Update

Toneway

Toneway has received its new road surface this week, making the new lane ready for vehicles to use. Traffic will be switched onto this new lane after the night closures this weekend, allowing us to carry out further works on the Toneway. Although traffic will use a different section of the road we will continue to keep two lanes open inbound and one lane open outbound.

The Toneway between the Heron Gate Roundabout and Junction 25 roundabout will be CLOSED in both directions overnight on Saturday 28th, Sunday 29th and Monday 30th September 2019. The road will be closed from 9pm and reopen by 6am the following morning. This will allow for traffic management set-up.

Link Road

Over the past three weeks we have received 1,500 tonnes of material of which will be used to build up the new carriageway linking to the A358. We've also started works to replace the floodwater storage area at this location.
