

Phase 3 Progress – Planting areas and retaining wall

Griffiths Visit Local School

Our Safety mascot Sally Safe Steps visited Castle Park Primary School just before half term to deliver a fun but important message to pupils about the importance of not playing on or entering construction sites.

Project Progress and Upcoming Works

Although the weather has caused some disruption, our works are progressing well on Phases 1, 2 and 3. We have completed all the excavation and drainage works and we are now installing kerbs and paving on Sandy Lane. Throughout March, we will continue with the kerbing and paving, installation of a new bus shelter on Phase 3 (Sandy Lane) and paving works will also progress around the cenotaph in Phase 1

Temporary Road Closure and Traffic

Management - We will have a temporary road closure on Chepstow Road joining onto Church Road for approximately 6 weeks commencing Mid-March 2020. This will be on a 24hr basis. While the temporary road closure is in place, we will complete service ducting, drainage, paving and reconstruction works to the carriageway in Phases 4 & 5. There will be a diversion route in place, which will be clearly signposted (a copy of this will be available on our website community.alungriffiths.co.uk). There will be a temporary two-way traffic light system in place between Church Road and Sandy Lane during the temporary road closure.
