

M5 Junction 25 Improvements Scheme Update Bulletin: Ruishton Lane

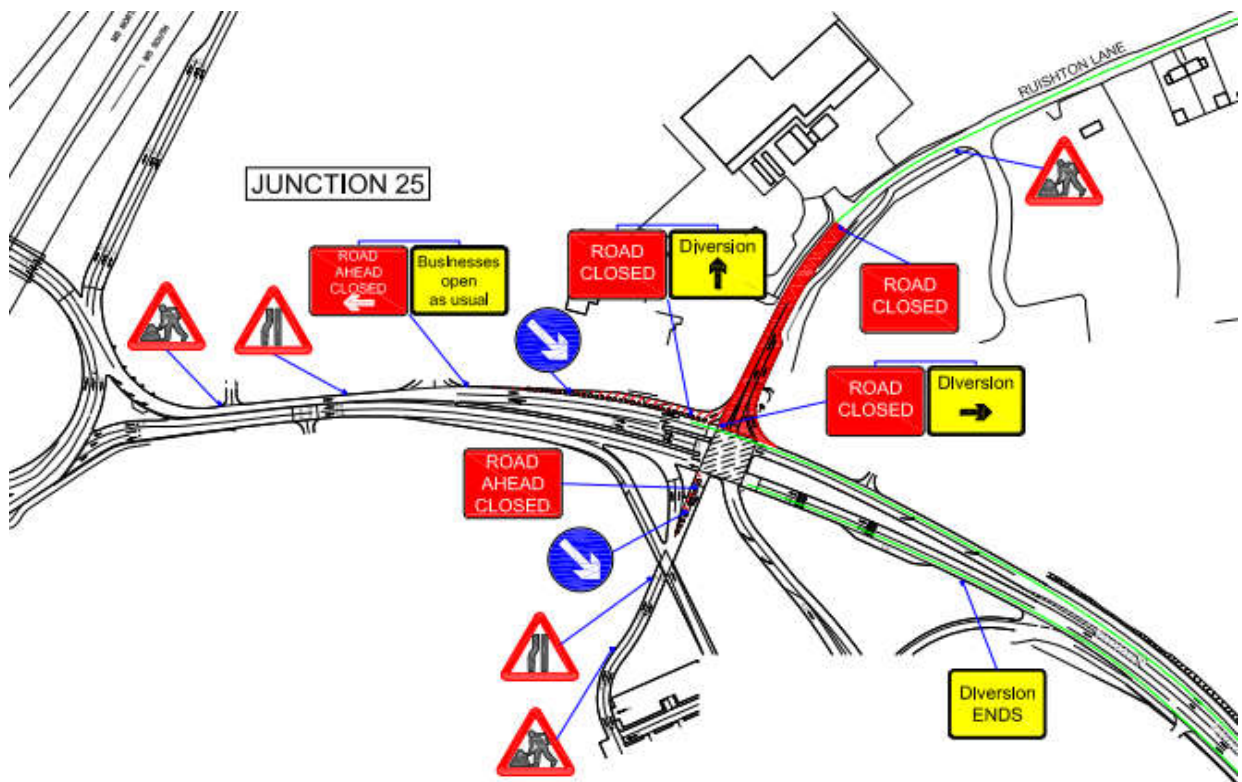

Road Closure Ruishton Lane - Update

In our previous Newsletter circulated on 10th August, we advised that Ruishton Lane would be closed during August for 5 weeks. This would allow Wessex Water to upgrade their system.

Following excavation and inspection by Wessex Water, there is an area of old pipe work that was not shown on the existing utility drawings. These pipes are still live and need to be replaced. Therefore, it has been agreed with Wessex Water to replace this pipe work now. This will ensure continuity of water supply and minimise the disruption for local residents/businesses in the future. This means the closure of Ruishton Lane will need to be extended until Tuesday 29th September 2020 to complete this essential work and reinstate the road.

Pedestrian and cycle access will be maintained and a diversion route for traffic will be clearly signposted. The diversion route will be via Cheats Road, Lipe Lane and the A358. The Diversion route below shall remain in place until completion of this work.
