

3<sup>rd</sup> September 2020

Alun Griffiths (Contractors) Ltd have been appointed by YGC (Gwynedd Council) as the Principal Contractor to carry out work on the Rhostryfan Flood Alleviation Scheme.

You will be aware that our construction work started in the centre of the village on Saturday 18<sup>th</sup> July and will continue for a period of 15 weeks. During this period it became necessary to change the original road closure, with traffic for the Bro Wyled area being diverted from the A487 through Rhos Isaf rather than turning at the junction of Ffrwd Cae Du.

From Monday morning 7<sup>th</sup> September this diversion will revert to its original route, with all traffic wishing to access Bro Wyled, Bro Gilbert, Cae'r Eglwys and the surrounding area taking the junction of the A487 Ffrwd Cae Du towards Rhosgadfan. The village square will remain closed with no access available from Rhos Isaf to the Bro Wyled area.

Diversions signs will be in place and we respectfully request that these are adhered to.

Should you have questions regarding this change or the proposed work in Rhostryfan please do not hesitate to contact me on the contact details below or via our Community website:
