

2 March 2021

Alun Griffiths (Contractors) Ltd have been appointed by the Welsh Government as the Principal Contractor to deliver the A55 Abergwyngregyn to Tai'r Meibion Improvement Scheme.

We would like to make you aware of essential work that will be carried out on the eastbound carriageway of the A55 on Sunday evening, 7th March, Monday evening, 15th March and Tuesday evening, 16th March. This work will start at 20.00 each evening and be completed by 06.00 the following morning and is required to install an alternative Traffic Management layout on the A55 between Junctions 11 and 13, on the eastbound carriageway. During our work there may be some noise disruption however every effort will be made to minimise this.

In order to safely carry out this work it will be necessary to close the eastbound carriageway between junctions 11 and 15, including the slip roads at Junctions 11, 12 and 13, however access to your property will be maintained. Should you require access to the A55 during these times, please contact our Traffic Safety and Control Officer (TSCO), on 07485506831, so that arrangements can be made to safely escort you through our works. These works are weather dependent and any adverse weather conditions may result in cancellation and subsequent additional shifts.

Please be mindful when accessing the A55, eastbound carriageway, between junctions 11 and 13 that, with effect from 6.00 on Monday 8th March, there will be an alternative road layout, which will include:

- narrow lanes (3.25m in lane 1 and 3m in lane2)
- 40mph speed restriction
- closure of the central direct accesses

Should you have questions regarding this work please do not hesitate to contact me on the contact details below.

Yours sincerely

Mandy Evans
