

M5 Junction 25 Improvement Scheme Project Newsletter: March 2021

A358 East/Ruishton

All kerbing works have been completed and ducting has been installed for the new traffic signals.

The majority of the footpath/cycleway surfacing has been completed. This will be ongoing for the remainder of the week.

The splitter islands have been filled to level and dressed with topsoil. These will be landscaped and seeded at a later date dependent on weather.

- Upcoming:
 - Street lighting and signs to be continued with the aim of commissioning the area in the next 2 weeks
 - Installation of the pedestrian guardrail and outstanding crash barrier
 - Finishing the surfacing works in the footpaths
 - Installation of the traffic signal equipment

The majority of the asphalt surfacing works have been completed in the carriageway. Some duct crossings still require work which will be carried out in the coming weeks.

Ruishton junction will be open from 10th April 2021.

M5 Junction 25 Improvement Scheme – March 2021 – Continued

J25 Gyratory

We have partially installed crash barrier (VRS) however this could not be completed due to the presence of existing services that required diverting.

- Upcoming:
 - Continuing with finishing works for the next few weeks (dependant on weather and resources)

Link Road

Fencing works including post and rail fencing are continuing to be installed. Traffic signal equipment will also continue to be installed with the aim of commissioning the Nexus 25 toucan crossing in line with the completion of other traffic signals.

We've begun dressing the area to the north of the link road in preparation for landscaping and carried out works to allow the footpaths and public rights of way to be re-opened

- Upcoming:
 - Continuing traffic signal works as above
 - Installation of the pedestrian guardrail
